If you open a browser and go to <a href="http://SilvercreekFrontOffice.net">http://SilvercreekFrontOffice.net</a> you can then login by looking up your last name and using the last 4 digits of your social security number for the Password.

Here is what the login page looks like:

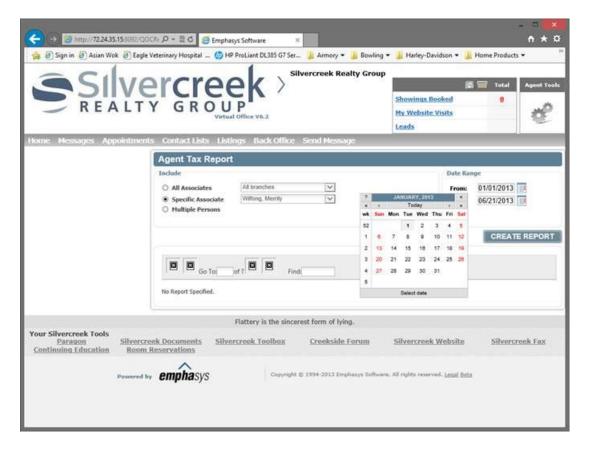

Once you are logged in, mouse click on the "Back Office" and select "Agent

**Tax Report**". Here is a screenshot below:

Now select the date range you want and click on "CREATE REPORT" on the right side. If you want your Year to Date, select 01/01/2013 to today's date.

This will bring up a report showing your "**Income Detail**" (all your commissions) on top and your "**Expense Detail**" (everything you've paid to Silvercreek Realty Group) on the bottom.

If you would like, you may go to the top of the page where it says "**Export to**:" and select either **PDF**, **RTF**, **TXT**, or **XLS**. You can then save the file to your computer.

Please let me know if you have any questions and feel free to look at all the features of the new <a href="http://SilvercreekFrontOffice.net">http://SilvercreekFrontOffice.net</a> site. When it is fully operational, you will be able to access you accounting, communicate with all other Silvercreek agents either individually or as a group for notices, see new Silvercreek listings and open houses, link to other Silvercreek services like our document management software, fax system, Silvercreek Toolbox, and Free Continuing Education, and even integrate with your own website if you choose to develop a site with Emphasys Software. You will receive notices soon on all these new features when the full system is complete. In the meantime, I hope you find this new service helpful.

Thanks,

George
